

**Job Title:** UI/UX Developer

**Organization:** Airawat Research Foundation

**Location:** IIT Kanpur (In-Office)

**Experience Required:** 1–2 Years

**Job Type:** Full-time

## Job Summary

Airawat Research Foundation is looking for a creative and motivated **UI/UX Developer** with **1–2 years of experience** and hands-on expertise in modern design tools and **AI-powered design platforms**. The role involves designing intuitive and visually appealing user experiences for web and mobile applications that support research and innovation initiatives.

## Key Responsibilities

- Design user-centric **UI/UX for web and mobile applications**
- Create wireframes, user flows, prototypes, and high-fidelity designs using **Figma**
- Use **Microsoft Designer** for visual content creation and branding assets
- Apply **advanced AI-based design tools** to speed up design, ideation, and UX optimization
- Collaborate with developers, product teams, and researchers to understand requirements
- Conduct usability testing and refine designs based on user feedback
- Maintain design consistency, accessibility, and brand standards
- Prepare design assets and documentation for developer handoff

## Required Skills & Tools

- **1–2 years of professional experience** in UI/UX design
- Strong proficiency in **Figma**
- Hands-on experience with **Microsoft Designer**
- Working knowledge of **AI-powered design tools**
- Solid understanding of UI/UX principles, usability, and responsive design
- Ability to design for both **web and mobile platforms**

## Preferred Qualifications

- Basic knowledge of HTML/CSS or frontend frameworks (plus)
- Experience with design systems and component libraries
- Exposure to research, education, or innovation-focused projects
- A strong design portfolio showcasing UI/UX work

## Educational Qualification

- Bachelor's degree in Design, HCI, Computer Science, or related field (preferred)

## Why Join Airawat Research Foundation?

- Work on meaningful, research-driven projects
- Opportunity to grow with **AI-assisted design workflows**
- Collaborative and learning-focused environment
- Career growth opportunities
